## EDUCATION

**BANNARI AMMAN INSTITUTE OF TECHNOLOGY** (2023 - 2027)

CGPA : 7.51 (upto IV sem)

**ST.JOSEPH'S HIGHER SECONDARY SCHOOL (HSC)** (2022 - 2023)

Percentage : 75.83%

**BWDA MATRICULATION HIGHER SECONDARY SCHOOL (SSLC)** (2020 - 2021)

Percentage : Pass

## SKILLS

- Languages - C, Java, Python, C++
- Backend - Javascript, SpringBoot
- Tools - Git, GitHub, Docker, Jenkins
- Soft Skills - Communication,Leadership
- Database - SQL, MongoDB

## LANGUAGES

English - Proficient

Tamil - Native

Hindi - R

## AREA OF INTEREST

- Software Developer Engineer
- DevOps Engineer
- Cloud Engineer

## PROJECTS

### MARINESCOPE

- Developed a cloud-based platform that integrates oceanographic, fisheries, and genomic datasets to support marine research, ecosystem monitoring, and sustainable fisheries management.
- **Role:** Worked as a backend developer using Spring Boot to develop APIs, manage data flow, and support application deployment.

### OUTFIT MATCH

- Project Summary: Developed a backend application that provides outfit color suggestions using real-time weather data.
- **Role:** Worked as a backend developer, integrating a weather API, handling server-side logic, and exposing functionality through REST APIs.

## ACHIEVEMENTS

- SIH Internal Hackathon - Cleared(2025)
- Zoho Creator Hackathon - 2024
